

This Week in Sunday School - 1.31.21 - Jesus the Healer

Happy Sunday, Friends,

A couple of times over the years I have been witness to medical emergencies happening during a church service. They were really scary! We are very fortunate that our church family has health care professionals and quick thinking people that make sure our sick members get help quickly. (Quick shout out to my Doctor Dad that's helped on some of these emergencies!).

In our story today, we learn Jesus heals a man in a synagogue, which is Jewish house of worship. Just like me, the people in the synagogue were scared and surprised, but then everyone was amazed at Jesus's power to heal. Read on to find out more.....

This year we've heard a lot about some amazing superhero healers in our own communities - our health care workers! For our younger friends I attached thank you note templates for them to create their own cards to thank a healthcare worker that's been working extra hard during COVID. You don't need the templates, but I still encourage you to please consider reaching out and thanking a healthcare worker that you know as well. Remember to mask up if dropping off your special thank yous!

Finally Friends, Everything Jesus did was about love—he cared for people and taught everyone that God loves us always, no matter what. These are things we can do to love God's people as well. We don't have to be doctors or nurses to be able to heal. Thanks God and Jesus we have the power to heal people's hearts with love.

Finally Finally, Friends I want to give my own thanks to our church family healers that have helped me over the years!. Some helped me physically, like with medicine. Others helped me heal by using kind words, giving hugs, or being a shoulder to lean on. I am so grateful for all of you!

I hope you know how much you are loved and missed! We can't wait to be back at church together soon.

Take Care,
Gabrielle Heimerling
Director, Youth and Family Services
